

**TOOELE TECHNICAL
COLLEGE**

**Application for Bridge Scholarship
(Service Industry Programs Only)**

The intent of the Tooele Technical College Bridge Scholarship is to assist graduating high school seniors in the completion of their program by providing funding for ^tuition from high school graduation to the end of August. All students enrolled in a TTECH program prior to graduation and whose accounts are in good standing will qualify for this scholarship.

To maintain your tuition waiver you must maintain at least an 80% attendance rate each month. If your attendance is less than 80%, your scholarship will be revoked and you will be responsible to make your monthly tuition payments.

The tuition waiver ends on the last day in August of each year. You will be responsible to pay monthly tuition and fees starting September 1. Students are encouraged to complete the Free Application for Fiancial Student Aid (FAFSA) which if eligible, will provide funding to complete your program.

Student Name: _____ **TTECH ID#** _____

Address: _____
