The NPOST is an entry-level basic skills test that helps law enforcement agencies select the most qualified applicants for the job and is an admission requirement for the POST Academy. This job-related test measures four basic skills: Arithmetic, Reading Comprehension, Grammar and Writing. A minimum score of 70% in each section is required to pass the test. Individual sections may not be retested, in the case of a non-passing score it must be retaken in its entirety. Each section is timed and administered separately and takes approximately 2 hours. Tests are shipped to Stanard & Associates for scoring then Tooele Tech will notify Candidates of their score via email approximately 2-3 weeks after testing. Accommodations can be made, upon request, for alternate testing days/times.
